

Jacoba Clothing is in more demand than ever and we need more agents to be able to meet this demand.

Once you start as an agent with Jacoba, a self-promoting career path opens up to you. As you progress, you can increase your sample range, expanding your business and earning potential. It's not just a new job. It's a new business and lifestyle you'll love. Some of the perks include:

- Additional income
- Flexible working hours
- Free training, colour swatches and order stationary.
- Earn 30% on sales
- No experience or qualifications needed
- Support from the Jacoba Team
- Your details as a stockist on our Website and Facebook Page

JOIN today and take your first steps to building a successful career and dream job!

We value our personal connection with customers and friendly efficient service is our number one goal.

The best way to experience Jacoba outfits is to hold them, look at them and try them on. That is why we have decided to make the Jacoba experience more accessible by building an agent network so people can try it on and look at the quality and fit instead of ordering online and hoping for the best!

You can even host Jacoba Parties at your home where people can try on and order directly from you. It makes a great theme for a bride-to-be, an office get together, book club, wine club or just a social gathering .

As a Jacoba Agent you experience the best of both worlds. All the benefits of running your own business, but with the support of our team, backed by a Company that's got over 10 years' experience in direct selling and an enviable reputation for quality products, an existing client base and 40 000 followers on Facebook.

Join us and see exactly where your own dreams will take you. Whether it's having extra cash for a fun family holiday or becoming an entrepreneur in your own right.

Consider it a business for yourself, not by yourself.

If you are ready to take the next step, contact Anna at [anna@jacobaclothing.co.za](mailto:anna@jacobaclothing.co.za) for more information on how to get started!
